Musical Requests:

It is very important for your D.J. to know what kind of music you expect at your reception. Please keep in mind that your guests are going to expect some "traditional" wedding songs. Although these songs may seem over played, they get people on the dance floor and make for great pictures. It is our recommendation that you do not limit your D.J. too much. We are looking for a list of "must play" songs and to get an idea of the genre of music your party will enjoy.

**Look through the top 200 requests and highlight the songs you would especially like to hear at your reception. All other songs not listed on the top 200 sheet may be listed below:
